

Ocean Pipe Works will be rebuilding the hydrant tee and valve on E. Long Branch and the intersection at Newport and Angelsea. As a result, the areas listed below will be without water service. Due to the preliminary work of locating and shutting valves the water should only be off for approximately 3 hours daily beginning July 29, 2019 through August 2, 2019.

THE FIRST AREA WITHOUT WATER WILL BE:

**E. LONGBRANCH FROM MONMOUTH TO NEWPORT AND
ANGELSEA FROM PT. PLEASANT TO BAYVIEW**

THE SECOND AREA WITHOUT WATER WILL BE:

**ATLANTIC FROM ANGELSEA TO NEWPORT
ARVERNE FROM NEWPORT TO NARRAGANSETTE
NARRAGANSETTE FROM ARVERNE TO E. CAPEMAY
EAST CAPE MAY FROM ANGELSEA TO NEWPORT**

These areas will be without water because the valves need to be shut off to stop water flow prior to repair.
